## 5KWALKFOR WATER

Join us for the 5K and let's put a well in Rwanda and Ghana. Kuri, the Reinicke's adopted Ethiopian daughter pictured here, regularly carried dirty water long distances back to her village when she was only 4 years old. On October 15th, we are doing the 5K for clean water so other children won't have to walk for dirty water. Join us and "Challenge Yourself, Change the World!"
